v1.0.0
Revision: 04 - 30 - 2017

Actions to Stop Doing

- The team should stop talking about problems during the scrum meetings so we can stay on task and deal the problems after the scrum meeting has ended.

Actions to Start Doing

- The team should schedule more group work sessions, so we can work together to develop the application.
- The team should do more pair programming, since developing on multiple computers brings up a lot of bad merges.

Actions to Keep Doing

- The team should continue using slack as communication methods because it is efficient and spreads the word well.
- The team should continue meeting multiple times a week, since it helps us stay on track.
